

Get the FTIR training you need to do analyses faster, better and cheaper, saving your company time and money.

Spectros Associates' FTIR Short Courses offer everything you need to learn the Fundamentals of FTIR

- Save hundreds of hours of method development time
- Experience real-world, practical, hands-on, applications-oriented training—come for one course or all five
- Discover how to reduce sample prep time—saving tens of thousands of dollars
- Learn how an FTIR works, how to analyze mixtures using spectral subtraction and library searching, and how to use an infrared microscope
- See how our 10-step strategy takes the mystery out of IR spectral interpretation

Manufacturer and free training sessions are only the tip of the iceberg. Our complete courses are hands-on in a comfortable setting. You will get personal attention from your instructor, Dr. Brian C. Smith, who has trained thousands of people and authored three popular books on spectroscopy.

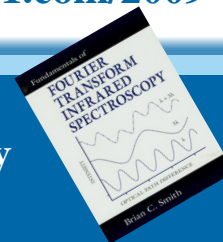

We also offer online and custom, on-site courses.

For complete details on all of our courses please visit [Spectros1.com/2009](http://Spectros1.com/2009)

For a complete course schedule and to register, visit [www.Spectros1.com/2009](http://www.Spectros1.com/2009). Register to win a copy of the book "Fundamentals of FTIR" and receive a free copy of Dr. Smith's article: [Training as Part of a Laboratory Quality Control Program](#).

(Entry must be received by Feb. 1, 2009. See web site for complete details)

# Discover faster, better, cheaper Analyses with our FTIR Courses

- Real-world knowledge to solve real-world problems
- Easy to understand, informal, hands-on presentation

Join the thousands of people who have benefitted from these courses since 1992:

- Fundamentals of FTIR
- Hands-on IR Sample Prep Workshop
- IR Spectral Interpretation I, II and III

## 2009 Classes:

Baltimore/Washington—February 23-27

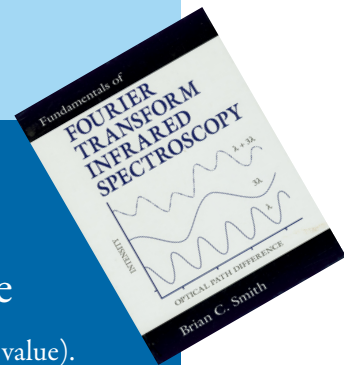

Houston—April 20-24

Philadelphia—June 1-5

Minneapolis—September 21-25

Cleveland—October 5-9

Register today at  
[www.Spectros1.com/2009](http://www.Spectros1.com/2009)  
for your chance to win a copy of the  
book “Fundamentals of FTIR” (\$150 value).
